This quarry produces unlimited size stock, excellent for building or monu-

Ausable Forks to Plattsburg, N. Y., is 25 miles by D. & H. R. R.; then you have water route to Albany, N. Y., and all pionts on the Hudson river, New York City, and up and down the Atlantic coast, which means low freight rates. Rail rates from Ausable Forks throughout the United States

granite centers. This is an excellent opportunity for one or two or more to engage in the profitable quarrying and manufacture of the famous Dark Green "Killarney" Granite, which is now being extensively used all over the country.
